Self-Assessment PowerPoint

Directions: You are to create a PowerPoint that describes the self-assessments you have taken in class. Listed below are items that you should include in your PowerPoint. **This will be worth 35 points.**

Don't forget to include images, graph/chart, bubble diagram, table, and pick a slide theme and/or change the background display.

Title Slide: *1 slide*
☐ Includes your name
☐ Name of class and hour
☐ Image of career or skill that relates to you

Skills slides should include: *9-10 slides*
☐ Include your 5 very satisfying skills and how you presently each one
☐ 3 Interesting Occupational Clusters
☐ 5 Careers that interest you from the top 30 Occupations - note which career field each career is associated with on the MN Career Wheel

Work Values slides should include: *4 slides*
☐ 3 most important personalized work values
☐ Top 5 values on/off the job
☐ Lifestyle Diagrams Hint: copy and paste from Word

Career Interest Profiler: *1 slide*
☐ Create a chart that lists 3 – 5 careers that interest you on your occupation list. Hint: use headings for each column in your chart.
  ∞ Indicate the type of preparation that is required for each career.
  ∞ Indicate which career field each career is associated with on the MN Career Wheel

Holland Code: *3-6 slides*
☐ Identify your top 3 personalities/interests (Holland Code) according to your Skills results.
☐ Identify your top 3 personalities/interests (Holland Code) according to your Career Interest Profiler results in Naviance.
☐ Compare and contrast the two sets of Holland Codes.
  ∞ Which one(s) appeared on both assessments?
  ∞ Explain which each one means in your own words

Personality Type: *4 slides*

- [ ] List your personality type (4-letter code)
  - Explain and break down what your code means in your own words
- [ ] List two strengths and two blind spots according to your results
- [ ] Summarize your preferred learning style in your on words
- [ ] What potential careers interest you – list 3 - 5

Cluster Finder: *2 slides*

- [ ] Insert a graph that charts your interested Career Clusters according to your interests and personal qualities. Hint: if you don't want to create a graph take a snapshot of your cluster finder graph in Naviance instead. shift + command + 4, then insert the snapshot into your PowerPoint
- [ ] According, to your graph which cluster do you have the most interest in?
  - What careers interest you in that cluster area? List 1-5 careers

Conclusion Slide: *3-4 slides*

- [ ] What career(s) interest you the most?
  - What assessments did that career(s) appear on?
- [ ] What careers showed up on your assessment(s) that took you by surprise?
  - Would you consider a career in this field?
- [ ] Did your results overall match your personality, skills, interests, and values? Explain why or why not
